#### NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS

For the three and six months ended June 30, 2021 (in thousands of Canadian dollars, except share data or unless otherwise specified) (unaudited)

#### 1. NATURE OF OPERATIONS

McCoy Global Inc. ("McCoy", "McCoy Global" or the "Corporation") is incorporated and domiciled in Canada and is a leading provider of technologies designed to support wellbore integrity and assist with collecting critical data for the global energy industry. McCoy Global's core products are used predominantly during the well construction phase for both land and offshore wells during both oil and gas exploration and development globally.

The Corporation is engaged in the following:

- i. design, production and distribution of capital equipment to support wellbore integrity and to support capital equipment sales through aftermarket products and services such as technical support, consumables and replacement parts;
- ii. design, production and distribution of data collection technologies used in rugged applications for the global energy industry as well as in construction, marine, nuclear and aerospace;
- iii. repair, maintenance and calibration of the Corporation's capital equipment and similar competitor products; and
- iv. rental of the Corporation's capital equipment and technologies.

Set out below are McCoy's principal operations:

| Operating Name            | Country of Incorporation    | Operating Region                               | Ownership<br>Interest |
|---------------------------|-----------------------------|--|-----------------------|
| McCoy Global Canada Corp. | Canada                      | Canada   | 100%                  |
| McCoy Global FZE          | <b>United Arab Emirates</b> | Eastern Hemisphere                             | 100%                  |
| McCoy Global USA, Inc.    | United States               | United States, Central America & Latin America | 100%                  |

McCoy and its subsidiary companies are collectively referred to herein as the "Corporation."

The address of the registered office of the Corporation is DLA Piper (Canada) LLP, Livingston Place, 1000 - 250 2nd Street SW, Calgary, Alberta. The Corporation is listed on the Toronto Stock Exchange ("TSX") under the symbol "MCB."

#### 2. Basis of Presentation

#### a) STATEMENT OF COMPLIANCE

These condensed consolidated interim financial statements have been prepared in accordance with International Accounting Standard 34, *Interim Financial Reporting*, as issued by the International Accounting Standards Board, and should be read in conjunction with the Corporation's annual financial statements for the year ended December 31, 2020, which have been prepared in accordance with International Financial Reporting Standards ("IFRS").

The accounting policies followed in these condensed consolidated interim financial statements are consistent with those of the previous financial year.

#### b) Use of Estimates and Judgments

The preparation of the Corporation's condensed consolidated interim financial statements requires management to make estimates and judgments about the future that affect the application of accounting policies and the reported amounts of assets, liabilities and disclosures of contingent assets and liabilities at the date of the condensed consolidated interim financial statements and the reported amounts of revenues and expenses during the period. If these estimates and judgments prove to be inaccurate, future earnings may be materially impacted. Estimates and underlying assumptions are reviewed on an ongoing basis and revisions to estimates are recognized prospectively. Actual results may differ from those estimates.

Significant estimates and judgments used in the preparation of these condensed interim consolidated financial statements remained unchanged from those disclosed in the Corporation's consolidated audited annual financial statements for the year ended December 31, 2020. As described in Note 3 of the consolidated audited annual financial statements for the year ended December 31, 2020, due to the outbreak of the COVID-19 pandemic and the resulting impact on the economy and in particular the prices of oil and natural gas, the estimates and judgements used to prepare these financial statements were subject to a higher degree of measurement uncertainty.

#### 3. FAIR VALUE OF FINANCIAL ASSETS AND LIABILITIES

The fair value of cash and cash equivalents, trade and other receivables and trade and other payables approximates their carrying value due to their short-term nature. The fair value of non-current other receivables approximates the carrying amount as the receivables have been recorded using the effective interest rate method using a market rate of interest. The fair value of borrowings approximates the carrying amount as the instruments carry interest rates that reflect the current market rates available to the Corporation.

#### 4. INVENTORIES

| Parts and accessories available for sale | 7,424                | (2,149)                     | 5,275           | 7,318                            | (2,214)                 | 5,104              |  |
|  | 23,602               | (6,275)                     | 17,327          | 22,583                           | (6,658)                 | 15,925             |  |

Production inventories are purchased or produced for use in the production of finished goods. Finished goods available for sale consist of capital equipment and parts and accessories inventories that are available for sale to external parties.

Included in cost of sales for the six months ended June 30, 2021 is a recovery for excess and obsolete inventory of \$196 (three months ended June 30, 2021 – \$112) to adjust inventories to net realizable value. Included in cost of sales for the six months ended June 30, 2020 is a recovery for excess and obsolete inventory of \$715 (three months ended June 30, 2020 – \$22) to adjust inventories to net realizable value. A writedown is taken if management determines that the carrying value of the inventory item(s) exceed net realizable value. When the circumstances that previously caused inventories to be written down below cost no longer exist or when there is clear evidence of an increase in net realizable value because of changed economic circumstances, the amount of the write-down is reversed. The maximum amount of any reversal is the original write-down, such that the new carrying amount is the lower of cost or the revised net realizable value.

The net realizable value of capital equipment included in inventories is assessed on an individual product basis considering current market prices for the equipment and management's assessment of forecasted demand. All other items in inventory are assessed for obsolescence at a distinct part level. The estimated net realizable value of these items is determined using a formulaic approach, providing for items that have not been sold or utilized in production in the 24 months previous to the interim consolidated statements of financial position date. Subsequent to applying the formulaic approach described above, management considered other factors relevant to the realizable value of inventory, relating to parts that have not transacted in one year as of the interim consolidated statements of financial position date and relating to product lines whose sales forecasts are expected to be more severely impacted by the current economic environment as described in note 2b.

### 5. PROPERTY, PLANT AND EQUIPMENT (PPE)

During the six months ended June 30, 2021, the Corporation recorded \$35 of additions to production equipment and \$nil of additions to its rental fleet (six months ended June 30, 2020 - \$790 of additions to the Corporation's rental fleet). Additions to the rental fleet during 2020 and 2019 are comprised of equipment capitalized from inventory.

PPE includes right-of-use assets of \$3,245 as at June 30, 2021 (December 31, 2020 - \$3,640).

#### 6. INTANGIBLE ASSETS

Costs incurred on product development are capitalized as intangible assets when it is probable the development will provide economic benefits, considering its commercial and technical feasibility, the resources available for development and that costs can be measured reliably. While in development, internally generated intellectual property is not amortized until it has reached commercial production.

During the six months ended June 30, 2021, the Corporation recorded \$844 of additions to intangible assets pertaining to costs incurred to develop internally generated intellectual property related to the development of several smart products that will be digitally integrated into McCoy's automated casing running system (six months ended June 31, 2020 – \$505; twelve months ended December 31, 2020 – \$2,221).

For the six months ended June 30, 2021, amortization of \$213 pertaining to development costs for the first products developed under phase one of the 'Digital Technology Roadmap' was recognized in cost of sales (six months ended June 30, 2020 - \$237). For the six months ended June 30, 2021, amortization of \$174 pertaining to intellectual property acquired in connection with the acquisition of DrawWorks LP in the third quarter of 2019 was recognized in cost of sales (six months ended June 30, 2020 - \$188). For the six months ended June 30, 2021, amortization pertaining to software and other items amounted to \$7 (six months ended June 30, 2020 - \$2).

#### 7. Borrowings

Changes in liabilities for which cash flows have been classified as financing activities in the consolidated statements of cash flows are as follows:

|                                      | Senior<br>Secured<br>Term<br>Loan I | Senior<br>Secured<br>Term<br>Loan II | Secured<br>Promissory<br>Note | Unsecured<br>Promissory<br>Note | US Paycheck Protection Program Loans | Total   |

#### a) SENIOR SECURED TERM LOAN I

During the year ended December 31, 2018, the Corporation entered into a term loan agreement for \$5,209 (USD\$4.0 million). The loan has a term of four years and is repayable in equal quarterly payments of principal, plus interest. Interest is calculated at either LIBOR plus 5.05% or the US Prime Rate plus 3.55%, at the Corporation's option. Under the term loan agreement, the Corporation's wholly owned subsidiary, McCoy Global USA, Inc., provided a general security agreement over all present and after acquired personal property and the Corporation provided a guarantee. There are no financial covenants associated with the term loan agreement. The Corporation is subject to certain conditions under the term loan agreement, including a material adverse change clause.

#### b) SENIOR SECURED TERM LOAN II

During the three months ended March 31, 2021, the Corporation received \$1,269 (US\$1,000) of funding from a second draw available under its Senior Secured Term Loan II. The term loan bears interest at US Prime Rate plus 4.95% per annum and is repayable in eight equal quarterly instalments beginning on December 6, 2022. The facility is subject to customary conditions and is secured by certain assets of the Corporation and its subsidiaries, including certain real estate in Cedar Park, Texas. Under the terms of the agreement, the Corporation is subject to a financial covenant minimum fixed charge coverage ratio of 1:1 for the year ending December 31, 2021; and 1.25:1 for years ending thereafter; where the fixed charge coverage ratio is calculated as earnings before interest, taxes, depreciation and amortization less capital expenditures over the sum of interest expense, principal payment of indebtedness and lease payments made during the period.

#### c) US PAYCHECK PROTECTION PROGRAM (PPP) LOANS

During the year ended December 31, 2020, the Corporation received \$2,660 (US\$1,963) of funding under its first application for the US Paycheck Protection Program (PPP). During the three months ended June 30, 2021, the Corporation received full forgiveness for first-round funding of the US Paycheck Protection Program (PPP) of \$2,369 (US\$1,963). The proceeds of the funding were used to directly support the Corporation's US employee payroll expenditures.

During the three months ended March 31, 2021, the Corporation received \$2,468 (US\$1,963) of funding under its application for second round funding of the US Paycheck Protection Program (PPP). The loan bears interest at 1.0% and is payable in forty-four (44) equal monthly payments of US\$50 thousand beginning August 31, 2022 and maturing on March 31, 2026. A portion of the loan proceeds may be forgiven in accordance with certain US Treasury guidelines. The Corporation estimates that, based on US Treasury Guidelines as applicable at June 30, 2021, the full loan proceeds may be forgiven if the Corporation's application for forgiveness is approved.

#### d) Cash secured credit facility

During the year ended December 31, 2018, the Corporation entered into a \$500 credit facility to support cash management and trade letters of credit. The credit facility is secured by \$500 in cash and cash equivalents, which is to be held under the Creditor's authority as security. The \$500 of cash and cash equivalents held as collateral is presented as restricted cash on the consolidated statements of financial position. As at June 30, 2021, \$400 of the facility was committed for certain standby letters of credit for customer orders.

#### e) REVOLVING DEMAND FACILITY

In October 2020, the Corporation secure its US\$2.5 million revolving demand facility with a Canadian chartered bank. During the three months ended June 30, 2021, \$775 cash and cash equivalents was held as collateral under the Creditor's authority. The cash security is presented as restricted cash on the consolidated statements of financial position The revolving demand facility bears interest at Prime Rate plus 1.35% per annum and will be secured by a general security agreement and in addition to the assignment of US\$0.63 million of term deposits noted above.
